Each of the listed documents was cited in an examination report from the Korean Intellectual Property Office (KIPO) in connection with counterpart south Korean Application No. 10-2005-7001242. An English-language version of that examination report is also attached. The English-language version of the examination report indicates the degree of relevance found by the foreign office, and makes consideration of any non-English art required. MPEP 609.04(a)III.

The examination report cites JP 2002-200872A and KR 0137807.

With respect to JP 2002-200872A, Applicants note that this document was previously cited to the USPTO with the Information Disclosure Statement (IDS) dated June 17, 2008. An esp@cent.com English translation of the abstract and claims with drawing was also provided, as was a JPO English translation of the abstract and claims. Nevertheless, since the Korean Examiner refers to paragraph 26 of that document, a further machine translation of the description is attached.

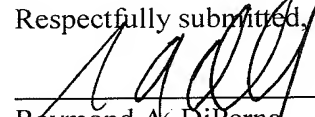

With respect to KR 0137807, for a concise explanation of relevance of that document, the Examiner is referred to the examination report as well as to corresponding publication WO 93/01057, a copy of which is also attached.
